**Description**

**NEW! Instant Bling! Electroplated Coloured Lock Nuts!**

Premium custom fade resistant coloured electroplated steel with nylon insert axle nuts for roller skates, quad skates, derby skates and skateboards! Comes as a set of 10 8mm Locking axle nuts – so you get 2 spares! The same quality, if not better, as the original steel nyloc nuts that came on your skates – but in Great Custom Colors! Select available colours from the drop down menu.

**NOTE:**

- Due to the electroplating process the iridescent colors will vary from nut to nut.
- Due to variations of color settings and qualities of phone/tablet/computer screens, it is unavoidable that colours will appear differently for everyone. The colours in photos are subjective, approximate and may vary.
